WORLDDIDAC Basel 2006, October 25 - 27

Two months before the show starts, 351 exhibitors from 28 countries have booked 9030 sqm. 30% of the exhibitors are Swiss, 50% are European and 20% are exhibitors from overseas. Compared to 2004, this is an improvement; hence we expect this year's show to become bigger than the last edition.

Companies interested in exhibiting find all they need to know on the website www.worlddidacbasel.com in the section "Exhibitors service".

Information for visitors and about fringe events are also available online, please consult the section "Visitors service" on www.worlddidacbasel.com

Leadership Seminar "How quality wins business in educational projects"

Government officials from various countries and representatives from lending agencies will talk about

- Innovation as the Driving Force in Quality Development
- Ingredients of successful Projects
- Corruption - A Major Obstacle to Quality

The seminar is held on Wednesday, October 25 in Basel / Switzerland.

The registration form is on our website: www.worlddidac.org/events/calendar

Worlddidac General Assembly Toulouse, July 6

For the first time since 1998, the General Assembly has not been held within the framework of the WORLDDIDAC BASEL show. Combined with a visit of the Airbus facilities on the following day, the General Assembly was also a networking event for our members and an opportunity to get an insight view of one of the most prestigious international projects lately realised, the new Airbus flagship A-380.
